

TLILIC0008 LICENCE TO OPERATE A NON-SLEWING MOBILE CRANE

OBJECTIVE

This course aims to provide participants with information and understanding of the theory and knowledge aspects of the assessment for the CN Crane High Risk Work License.

It will assess competencies in three areas – written theory, knowledge and practical for the CN Crane High Risk License to meet the requirements of the TLILIC0008 LICENCE TO OPERATE A NON-SLEWING MOBILE CRANE

PRE-REQUISITE

All participants in this course need to hold a Dogging High Risk Work License.

Participants must be at least 18 years of age, and be able to read and understand the English language.

GENERAL INFORMATION

This program is designed for participants with little or no practical experience operating a CN Crane. Successful participants will receive a Statement of Attainment for having achieved the requirements of TLILIC0008 LICENCE TO OPERATE A NON-SLEWING MOBILE CRANE (>3T Capacity)

EXPECTED OUTCOMES

At the end of this course, and with practical experience, students should be able to:

- Correctly identify parts of the crane
- Safely and efficiently operate the crane
- Preoperational checks
- Read and understand load charts
- Identify safe and efficient slinging of loads
- Work with doggers, using correct communication or crane signals; and
- Detect defects and take action necessary to control and maintain the crane in common emergencies.

Successful completion of the assessment requirements will provide participants with a Statement of Attainment for TLILIC0008 LICENCE TO OPERATE A NON-SLEWING MOBILE CRANE

DURATION

4 Days

COURSE COST \$1500.00 including Worksafe fee
